test developers need to provide a clear explication of the language ability constructs that underpin the tests they offer in the public domain. Such an explication is essential for supporting claims about the validity or usefulness of test scores. This volume describes the theory and practice of Cambridge ESOL's approach to assessing second language writing ability. A comprehensive test validation framework is used to examine the tasks in Cambridge ESOL

writing tests from a number of different validity perspectives that reflect the socio cognitive nature of any assessment event the authors show how an understanding and analysis of the framework and its components can assist test developers to operationalise their tests more effectively especially in relation to the key criteria that differentiate one proficiency level from another the book provides an up to date review of relevant literature on assessing writing an accessible and systematic description of the different proficiency levels in second language writing a comprehensive and coherent basis for validating tests of writing this volume is a rich source of information on all aspects of examining writing ability as such it will be of considerable interest to examination boards who wish to validate their own writing tests in a systematic and coherent manner as well as to academic researchers and students in the field of language assessment more generally book jacket

A concern for quality and the growing number of international students have made the assessment of English for academic purposes a prime concern in British universities. By drawing on the expertise of Baleap and many EAP specialists, this collection describes and critically evaluates current issues and debates in the field. An introduction provides an overview of the state of assessment in EAP and this is followed by sections which investigate in depth individual issues such as the validity of commonly used tests, the utility of computer test batteries and other non traditional forms of assessment. Also addressed with original research data are the varying requirements of individual departments, students' views of assessment and self assessment instruments. These issues are relevant beyond the individual circumstances of British universities and should inform good practice not only in the UK but anywhere where students receive part or all of their education in English as a second or foreign language.

Covering Australia, Canada, New Zealand, the UK and USA, includes over 150 comprehensive program profiles, course descriptions and dates, program costs and admissions.
